# LEADERSHIP UNLEASHED

## STEWARDED YOUR IMPACT AND INFLUENCE

Great leaders are perpetual learners. They continue to challenge themselves to bring forth the best in themselves and those around them. *Being* a leader that others *want* to follow requires examining your paradigms, patterns of thinking, actions, and behaviors, and taking responsibility for your impact.

### What Is The Leadership Unleashed Training?

A 2-day immersion experience that focuses on what it means to "BE" a leader and a catalyst to reach new levels of self-awareness; uncovering limiting beliefs, behaviors, and mindsets that hold you back from the life you say you want. You will examine your current impact as a leader and identify blind spots that hinder your effectiveness, positioning you to transform your leadership and relationships. You will be equipped and empowered to declare a compelling vision for your life, creating an opening for unprecedented results as you powerfully serve and impact the lives of those around you.

## What Others Are Saying

Leadership Unleashed is dynamic, personal, and actionable. I walked away with a greater understanding of leadership that is truly transformational for myself and others.

Jaime M., Ministry Leader

It is encouraging to be walking out into my world more aware of my impact on others. I am moving into the declaration of being a curious, compassionate and relational leader.

Sharon K., Business Owner

If you think you know what being a leader is you will be surprised by what you learn in this class. Leaders need to focus on being rather than doing and this class sets you on that journey.

Dorothy H., Senior Director Project Management

This training is transformational. I am not the same person I was before I attended this training. I have been equipped with useful skills and deeper understanding of what it means to be a leader.

Manish K., IT Director & Consultant

"This seminar is conducive to true personal transformation. It brought such clarity to me on matters involving how I set my goals, execute plans, communicate and tie my plans and actions to my life vision. Highly recommend for anyone who cares about such things. Truly life changing."

Sue B., Treasurer

"I cannot begin to tell you how pervasive the training this past weekend has been through every corner of my life. Those 2-days have been really life changing or me. Last night my husband and I had dinner and I asked him for forgiveness for all of the ways I have been controlling. I shared things I learned in the training and asked him to gently call me out when he sees me veering off track. This is just one thing that I learned and acted on over the weekend. The training you have put together is extraordinary and truly transformative, in all areas of life and leadership. Thank you."
