# LEADERSHIP UNLEASHED

## STEWARDED YOUR IMPACT AS YOU LEAD

Great leaders are perpetual learners. They continue to challenge themselves to bring forth the best in themselves and those around them. *Being* a leader that others *want* to follow requires examining your paradigms, patterns of thinking, actions, and behaviors, and taking responsibility for your impact.

### What Is The Leadership Unleashed Training?

A 2-day immersion experience that focuses on what it means to "BE" a leader. While developing systems and strategies in leadership are important, reaching new levels of self-awareness, examining your current impact as a leader and identifying blind spots that hinder your effectiveness will position you to transform your leadership. You will be equipped and empowered to declare a compelling vision for your leadership, creating an opening for unprecedented results as you powerfully serve and impact the lives of those around you.

#### Key Takeaways:

- Developing the characteristics of a transformational leader
- Creating awareness of blind spots hindering your leadership effectiveness
- Identifying limiting beliefs and automatic assumptions about yourself and others
- Creating environments of trust
- Declaring and living into your leadership vision
- Owning and stewarding your impact as a leader
- Listening and creating honest conversations
- Giving and receiving feedback
- Seeing "difficult" conversations and conflict as a resource
- Growing in humility and authenticity
